...The RWA is located within the fantastic private complex of the Swiss Ski School. The big natural lake is exclusively reserved for the RWA. The new Mastercraft X1 will take you around for the best wakeboard rides you have ever had!

10 years of tournaments, travelling and coaching experience brought Rodo to finally make his own wakeboard academy in order to offer riders a professional environment to perfect their technic.

*« All my carrier, I've been coached by Pierre CARMIN and I reached the first place at the World Games in Japan, 3 European titles and the X Games within 4 years. I think he gave me some good tips . . . it would be a waste not to share this knowledge with people. »* says Rodo. And this is exactly what you will find at the RWA Florida. We will teach you the easiest way to ride smoothly and get the maximum fun on the water.
